## Technical Data Sheet

---

Product name:	SR Multi	Creation date:	01/02/2017	Version:	1
				Replaces:	0

---

### 1: General description

SR Multi is a multi-purpose, medium duty, silicone mould release agent. It has been formulated as a highly effective, general purpose release agent for all thermoplastics, thermosets and many types of rubber.

### 2: Features

- Medium duty silicone release agent for thermoplastics, thermosets and rubbers.
- Excellent release slip.
- Improves surface finish.
- Reduces rejects and increases production.
- Does not build up in the mould.
- Operational up to 200°C.
- Wet film

### 3: Applications

- Medium duty film for release of plastic and rubber parts in injection moulding, compression moulding, vacuum forming and many other moulding and forming processes.
- Anti-stick agent in the textiles, foam converting, printing and shoe industries.

**Note:** Contains silicone so may be unsuitable where post-processing activity (e.g. painting, plating, bonding) is necessary on the moulded part.

### 4: Directions

- Spray a light, even coating from 25 - 30 cm and re-apply as necessary.

**A safety data sheet (SDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products.**

## 5: Typical product data (without propellant)

- Appearance : Clear, colourless liquid
- Odour : Hydrocarbon
- Specific gravity @ 25°C : 0.723
- Pressure @ 25°C : 3.5 Bar
- Discharge rate : 0.8 g/sec
- Temperature range : Operational up to 200°C
- Solubility : Soluble in solvents, insoluble in water

## 6: Packaging

Aerosol 12x500 ML

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment and conditions and the unpredictable human factors involved, we recommend that our products be tested on-the-job prior to use.
